

► G45

Characteristic

Low power consumption LED G45 operating at universal voltage.
Direct replacement of halogen G45
Available in cool and warm white.
Color rendering >80

Long life span: 25000 hours, 20 times longer than halogen
The new optical design, multi reflector and softer light effect
Good heat dissipation, built-in precision driver, flicker-free and safe

| Code | Voltage | Wattage | Cap | Ra | Color Temperature | Lumen Output |
|---------------------|----------|---------|---------|-----|-------------------|--------------|
| IO-401075/IO-401076 | 120/240V | 3W | E14/E27 | >80 | 2700-6500 | 200lm |
